Mr. Andrew Young  
Manager, Electrical Branch  
Public Works Office  
U.S. Marine Corps Base  
Camp Lejeune, North Carolina 28542-5001

Dear Sir:

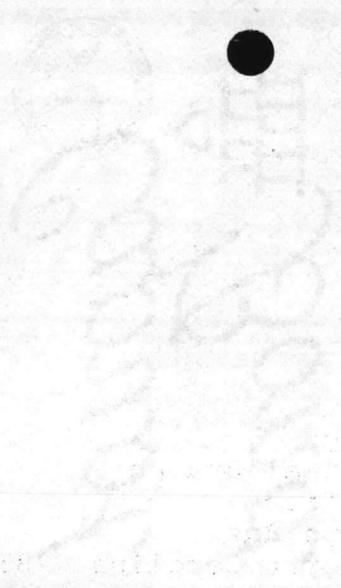

Thank you for your letter, 85-B-6365-5001 PWO, of September 30, 1986, informing us of your proposed reconstruction of an overhead power cable over the Atlantic Intracoastal Waterway.

The National Ocean Service has no objection to this construction. The regulatory source to either grant or deny approval rests with the U.S. Army Corps of Engineers, Wilmington District. However, I would appreciate being informed when the existing cable is removed and the new cable installed so that we may correct our nautical charts and issue an appropriate Notice to Mariners.

Sincerely,

Donald E. Nortrup  
Commander, NOAA  
Chief, Marine Chart Branch  
Charting and Geodetic Services
